स्व. विलासराव तांबे सर

संस्थापक-अध्यक्ष,
श्री गजानन महाराज शिक्षण प्रसारक मंडळ

Late Shri. Vilas Tambe Sir was the guiding force behind the inception of Shri Gajanan Maharaj Shikshan Prasarak Mandal. He was the visionary who laid its foundation, planned its growth and turned it into a reality through unwavering dedication.

His deep commitment to educating rural Maharashtra was evident from his early choice of career as a primary school teacher during his days of struggle. Endowed with exceptional organizational skills and a rare ability to inspire others, he devoted a significant part of his personal property to the noble cause of education.

Firm in his values and life goals, he earned a position of respect and leadership wherever he worked. In 1990, he took charge as the President of the society and continued to guide it with wisdom and conviction until his passing on 13 February 2011. Even during ill health, his determination and vision remained undiminished.

Though his voice is now silent, his spirit continues to inspire us. The institutions he founded stand as living symbols of his dream. Our truest tribute to this great man of wisdom is to continue realizing his vision through our hard work, dedication and commitment to educational excellence.

About **School**

Welcome to **ADITYA INTERNATIONAL SCHOOL**

Aditya International School (AIS) is a CBSE-affiliated co-educational institution established to nurture well-rounded, confident and self-reliant individuals. Our vision is to empower knowledge and excellence while instilling Indian values, culture and a global perspective in every child, preparing them to face future challenges with integrity and responsibility. We strive to create lifelong learners who are socially conscious, emotionally balanced and academically competent.

Located in the serene surroundings of PCMC and Alandi, AIS offers state-of-the-art infrastructure and a vibrant learning environment that promotes curiosity, creativity and innovation. Our campus is designed to support experiential learning through well-equipped classrooms, activity zones, laboratories, sports facilities and safe, child-friendly

spaces that encourage holistic development.

The school is a proud educational initiative of Shri Gajanan Maharaj Shikshan Prasarak Mandal, committed to providing quality, holistic and value-based education. Guided by a strong foundation of discipline and ethics, the management ensures continuous improvement in academic standards, infrastructure and student welfare.

We are a team of modern educators who integrate contemporary teaching practices with the timeless wisdom of India's ancient educational traditions, ensuring every learner grows intellectually, emotionally and ethically. Through innovative pedagogy, co-curricular enrichment and character-building programs, AIS aims to shape responsible global citizens rooted in Indian ethos.

Vision

To empower students to acquire, demonstrate and value knowledge and skills that help them become lifelong learners and responsible global citizens, guided by our core values of Respect, Tolerance, Inclusion and Excellence.

Mission

To provide an outstanding education in a safe, caring and inclusive environment, inspiring every student to reach their fullest potential. We strive to develop leaders and innovators who contribute positively to society and foster human development in urban communities

Our Key Features

- CBSE-Compliant Infrastructure : Safe, comfortable and child-friendly campus with a 30 : 1 student-teacher ratio.
- Academic & Holistic Excellence : Focus on academics, sports, arts and overall development.
- Personalised Learning : Individual attention to meet diverse learning needs.
- Qualified Faculty : Experienced, dedicated and culturally diverse teachers.
- NEP 2020 & NCF -2023-Aligned Curriculum : Promotes creativity, critical thinking and skill-based learning.
- Values & Global Outlook : Indian values blended with global citizenship.
- Safe Environment : Secure, caring and supportive atmosphere for every child.
- Enrichment Programs : Beyond-the-curriculum activities for all-round growth.
- Skill based Programs : Communication Skill, Robotics
- Sports Ground : A spacious sports ground for physical development and team spirit

Shri Gajanan Maharaj Shikshan Prasarak Mandal (SGMSPM)

Established on 9th August 1989, Shri Gajanan Maharaj Shikshan Prasarak Mandal (SGMSPM) is the realization of the noble vision of Late Shri Vilasrao Tambe Sir an educationist, philanthropist and visionary leader who laid the foundation of this esteemed institution. From its modest beginning in the early 1990s, SGMSPM has grown into a renowned educational society dedicated to academic excellence and social transformation.

Under the dynamic leadership of Shri. Vishal Vilasrao Tambe, President of SGMSPM, the trust today stands as one of the premier educational organizations in Pune District, committed to empowering rural and urban communities through education, training and research.

With 27 institutions under its umbrella, SGMSPM offers quality education from pre-school to

postgraduate programs across diverse disciplines including Engineering, Education, Pharmacy, Management and Humanities. Driven by teamwork, dedication and integrity, SGMSPM strives to nurture individuals who can contribute meaningfully to a progressive society. We believe in giving beyond what is expected, excelling beyond set standards and achieving success through service, knowledge and innovation.

The SGMSPM family firmly believes that quality education is the foundation of success and social responsibility and continues to serve as a role model in the field of education.

SGMSPM is committed to academic excellence and holistic development, fostering a disciplined and innovative learning environment while continually enhancing infrastructure and faculty quality.

President Message

My Dear Students,

It gives me immense pleasure to welcome all new entrants to Aditya International School. We are committed to providing each child with a bright future and a meaningful educational journey.

At Aditya International School, we believe in nurturing every learner—not only in academics but also in their holistic development. These formative years are precious and we ensure our students are guided by dedicated teachers who inspire, motivate and bring out their best.

Along with modern teaching methods and advanced learning tools, we strive to instill strong moral values and life skills essential for building upright character. Our goal is to help every student excel — not just in grades, but as compassionate, responsible human beings ready to face the challenges of the future with confidence.

Through a balanced approach to academics, co-curricular activities and character education, we aim to create a supportive environment where students discover their strengths and develop confidence. We encourage curiosity, resilience and teamwork so that every child is prepared to learn, lead and grow in an ever-changing world.

We welcome you to the Shri Gajanan Maharaj Shikshan Prasarak Mandal's Aditya International School family. May your journey with us be enjoyable, enriching and empowering.

Together, let's grow towards a brighter tomorrow.

Vishal Vilasrao Tambe

President, SGMSPM
Ex. Chairman, Standing Committee, PMC
Corporator, Pune Municipal Corporation

Secretary Message

Aditya International School was established with the vision to nourish and nurture every child's potential to the highest level of excellence. We believe education is the light that dispels ignorance and inspires growth and at AIS, we strive to spread this light far and wide.

Our mission is to create a school with a difference one that imparts academic excellence while shaping world-class citizens, professionals, leaders and thinkers. We emphasize the holistic development of every child, ensuring they grow physically strong, mentally resilient and emotionally balanced.

We aim to foster an environment where learning is guided by respect, love and unity and where academics, sports and co-curricular activities come together to build character and confidence. Each student learns to see themselves as a valued member of one global family.

As the Moshi-Dudulgaon region continues to grow

as a vibrant educational hub, we are committed to developing a world-class institution that blends modern education with timeless Indian values.

In response to the evolving educational needs of the region, AIS is dedicated to creating a learner-centric institution that promotes innovation, critical thinking and ethical leadership. We continuously enhance our academic practices, infrastructure and student support systems to provide enriching learning experiences. Through a balanced blend of modern pedagogy and value-based education, we aim to prepare our students to succeed in a dynamic global environment while remaining deeply rooted in strong cultural and moral values.

I warmly welcome parents and students to become part of the Aditya International School family and join us in our shared vision to inspire, educate and empower the next generation for a bright and meaningful future.

Vaibhav Vilasrao Tambe

Secretary, SGMSPM

Principal Message

On behalf of the entire team at Aditya International School, I warmly welcome you to our institution a place where learning, values and vision come together.

Our commitment is to provide students with innovative, in-depth and meaningful learning experiences, instilling in them strong moral values and empowering them with the skills of creative problem-solving, critical thinking and effective communication.

We aim to prepare our students to confidently face the challenges of a rapidly changing world while nurturing them to become responsible, compassionate and socially conscious individuals who contribute positively to the nation and the world.

With a highly qualified and dedicated faculty, we ensure that every child receives individual attention and holistic development. We strongly believe that

co-curricular activities complement academics and play a vital role in shaping a well-balanced personality.

At Aditya International School, every child is encouraged to strive for excellence, discover their potential and find joy in learning both within and beyond the classroom. We aspire to mould a generation that not only achieves success in their chosen fields but also upholds empathy, respect, tolerance and integrity.

At Aditya International School, we encourage every child to pursue excellence, explore their unique abilities and develop a genuine love for learning both inside and beyond the classroom. Our vision is to nurture a generation of learners who achieve success in their chosen paths while consistently demonstrating empathy, respect, tolerance and integrity in all aspects of life.

Together, let us nurture young minds to dream, aspire and build a brighter tomorrow.

Mrs. Shital Patil

Principal, Aditya International School

ACADEMIC PHILOSOPHY

At the heart of our philosophy lies the belief in —

“Empowering Knowledge, Inspiring Excellence, Adopting Innovation and Inculcating Values.”

We are committed to nurturing the holistic development of every student by fostering intellectual curiosity, creativity, confidence and character. Our approach goes beyond academics, focusing on total personality development as an integral part of the learning process.

Through individualized attention and a supportive environment, we encourage students to explore, question and synthesize knowledge effectively. Our ultimate goal is to cultivate independent thinkers and lifelong learners who are innovative, value-driven and adaptable to the ever-evolving world. Our ultimate goal is to nurture confident, ethical and forward-thinking learners who demonstrate curiosity, resilience and responsibility.

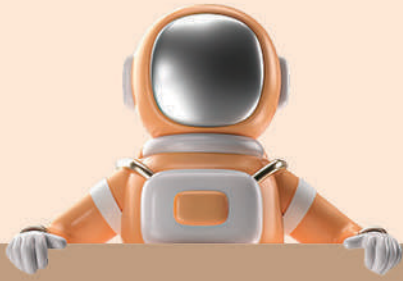

Our Curriculum

The curriculum at Aditya International School is based on the Central Board of Secondary Education (CBSE) programme and guided by the National Council of Educational Research and Training (NCERT) framework.

In alignment with the National Education Policy (NEP) 2020, our school follows the 5+3+3+4 curricular and pedagogical structure, comprising the Foundational, Preparatory, Middle and Secondary stages. This structure promotes a seamless progression of learning and offers flexibility for learners, including the option to exit after Class X as per CBSE norms. Our curriculum integrates academic excellence with life skills, values and experiential learning, ensuring that students become confident, responsible and future-ready individuals.

At Aditya International School, learning experiences are thoughtfully designed to nurture all eight intelligences, enabling students to explore their strengths, think creatively and achieve balanced growth across cognitive, emotional and social domains.

FOUNDATIONAL STAGE

Learning by Play

Three years of Preschool followed by Grade 1 and 2. This stage spans five years, covering the age group of 3–8 years.

The early childhood curriculum is designed to meet the needs, interests and abilities of children, fostering their holistic development. Our curriculum is inspired by Dr. Howard Gardner's Theory of Multiple Intelligences, while our student-centric pedagogy is

influenced by the Play-Based Learning Approach.

The focus during these initial years would be on Early Childhood Care and Education.

The Practice Principles are based on the Early Years Learning Framework's pedagogy, which is the best and most comprehensive approach to supporting children's learning, development and well-being. These early years of FOUNDATIONAL STAGE inculcates in children the qualities of curiosity, exploration and discovery in a fun-filled, safe and happy learning environment. This programme recognizes that all children develop at different rates and ensures that each child develops to their full potential physically, socially, emotionally, morally and intellectually.

The emphasis is on developing in students; self-confidence and the ability to effectively communicate in English as well as in their mother tongue. This is achieved through Holistic Development and Learning (Aesthetics and Creative Expression, Language and Literacy, Numeracy, Self and Social Awareness), Integrated Learning, Active Learning, Supportive Learning, Interactive Learning and Learning through Play. Apart from academics, Picnics and field trips enhance students' understanding of their surroundings. Similarly celebration of festivals sensitises them to multiple traditions and cultures. We make certain that important learning areas are covered, as well as that all of the young child's developmental needs are met.

PREPARATORY STAGE

Instilling Joy in Learning

Grade 3–5 span a period of three years, covering the age group of 8–11 years.

The focus during these years would shift to play, discovery, activity-based and interactive classroom education.

Foundation Years Programme encourages inquiry and exploration and develop the child's competence

in various skills - reading, writing, listening, speaking, problem-solving, observation, measurement and use of computers. It offers an exciting and creative learning environment, with an inter-disciplinary appreciation of Languages, Mathematics, Science and Social Studies, as individual and integrated subjects. With the implementation of the Communication Skill Programme, students have shown noticeable improvement in confidence, clarity of expression and overall personality development. Through interactive activities and practical communication tasks, learners have become more articulate, confident speakers with enhanced listening, vocabulary and interpersonal skills, preparing them for academic success and real life situations.

Physical Education develops sports skills and creates health awareness. Exposure to team and individual sports encourages a sense of team spirit, individual effort and accomplishment.

The wide range of curricular and co-curricular opportunities offered helps instill confidence and discipline in the child.

Field trips, excursions, activities, projects and presentations provide experiential learning opportunities. Dance, Fine Arts, Western and Indian Music, Yoga, Speech and Drama promotes well-rounded development. Students are encouraged to participate in inter-house cultural and sports events. Active learning techniques like free play, dramatization, puppetry, singing, dancing enhance their interest in learning. Book, newspaper and magazine reading activities increase the child's awareness of the world.

MIDDLE STAGE

Learning by doing

Grades 6–8 span a period of three years, covering the age group of 11–14 years, where students engage in experiential and hands-on learning that strengthens critical thinking, problem-solving and real-world understanding.

The middle stage will be from ages 11 to 14. During the middle stage, students will be expected to

develop core academic skills such as reading, writing and basic language competencies. They will also be expected to develop life skills such as teamwork, problem-solving and critical thinking.

The Growing Years Programme is structured to meet a child's varied intellectual and developmental needs. The programme builds on concepts and skills learnt in the Primary School and ensures progression and continuity across various stages of learning in the school and incorporates continuous evaluation and review of the child's performance.

The main aims of the Programme are developing skills related to writing, reading, reflecting, critical thinking, public speaking, fostering initiative among students and a desire to acquire knowledge. Art, Drama, Computer Science, Music, Yoga and Dance are integrated into the mainstream curriculum and are further strengthened as optional co-curricular activities. Personal, Social and Health Education helps students address their age-specific interests and concerns, builds awareness and promotes compassionate and ethical conduct. Physical Education is offered in a more formal manner and sports skills are fine-tuned. This prepares students to pursue sports in a more structured and purposeful manner, including studying sports in the Secondary School as a formal subject.

SECONDARY STAGE

Connecting with real world

Grades 9–10 span a period of two years, covering the age group of 14–16 years, where learners deepen conceptual understanding, develop analytical skills and connect classroom knowledge with real-life applications and future aspirations.

The secondary stage will be from ages 14 to 18. During this stage, students will be expected to

complete a core curriculum consisting of English, Mathematics, Science and Social Studies. In addition, they will have the opportunity to choose from a range of electives, including languages, arts and vocational subjects. The secondary stage aims to provide students with the skills and knowledge they need to prepare for further education or enter the workforce. The key overall thrust of curriculum and pedagogy at this stage is to move the education system towards real understanding and towards learning how to learn greater depth, greater critical thinking, greater attention to life aspirations and greater flexibility and student choice of subjects. Students in Class 9 and 10 will fall in the first part and those in Class 11 and 12 in the second category. There is an option for students to exit after Class 10 and re-enter the next phase based on their interest. This final stage is an extension of the third one, with focus on critical thinking. With the right amount of counseling and holistic learning at this stage, students can have a fair idea of what their aspirations are from career and life. The Secondary stage curriculum is a skills-focused programme that provides students with a broad and balanced knowledge of key subjects, as well as effective critical thinking and communication skills. Explore how we equip our students for further academic studies. The essential subjects offered by the school to the students develop pupils' critical thinking and analytical skills and their ability to communicate ideas effectively. Students develop certain key skills that will allow them to be successful across all subject areas and will assist with future challenges at university and in the workplace.

SPORTS & GAMES

Beyond nurturing athletic talent, this module instills the values of healthy competition and teamwork in students. Qualified trainers and coaches closely monitor each child's progress, ensuring they learn, grow, and excel across a wide range of sports and games.

Self-defence,
self-confidence,
discipline and
self control.
The values
you learn are
priceless.

Mallakhamb :

It is essential to improve muscle strength and dexterity. Therefore, Rope Mallkhamb activities have been started for our school students - boys and girls. Rope Mallkhamb is the unique ancient art and exercise.

Kabaddi :

School has also clay field for our traditional games like Khokho and kabaddi for children to excel in various sports competition and bring laurels to the school.

Atheletic :

Out side world is full of competitions. We make our students ready with confidence to take part in this race through athletic activities.

Karate :

Today's world is full of fear and insecurities so self-defence has become important for girls as well as boys. We have made karate training a part of our curriculum to train our student to defend themselves in hostile conditions.

Yoga :

Yoga nurtures strength, focus and inner calm. Through regular practice, students develop flexibility, discipline, stress control and mental clarity supporting holistic well-being and academic excellence.

Multi-Disciplinary Sports :

A dynamic programme that builds fitness, teamwork, discipline and confidence while nurturing resilience, leadership and a healthy competitive spirit for holistic student development.

Endurance Marathon 2025-26 :

A dynamic initiative uniting students and parents to celebrate fitness, perseverance and togetherness. The marathon promoted healthy living, resilience and self-discipline, strengthening both family bonds and community spirit—set to continue as a proud annual tradition.

CO-CURRICULAR PROGRAMME

Several skills and qualities that are instrumental to a child's holistic development are learnt outside the classroom. Aditya International School has a mandatory co-curricular programme that fully supports a child's learning process. The programme has modules, each of which comprise of several activities for different age groups. All students different activities under each of the modules, based on their interests.

Performing Arts :

This module allows students to discover and nurture their creative spirit while learning. Involvement in the performing arts helps students develop academic discipline and provides them with a medium for self-expression.

Music : Indian, Western

Dance : Indian, Western

Creative Interests :

Pursuing hobbies and interests is a great way to enhance one's personality and discover hidden talents.

Clay Modelling, Drawing, Gardening, Origami, Painting, Pottery

Personality Development :

The importance of inter-personal and communication skills cannot be undermined in today's competitive world. These need to be instilled in a person at a young age as it gets harder to acquire them as we grow older.

Debate, Elocution, Etiquette Buildin, Communication Skills

Service Initiatives :

In addition to becoming knowledgeable individuals, it is crucial for children to become responsible adults. Under this module, students are encouraged to put others' interests before their own and get involved in selfless service for the benefit of those around them.

Community Service, Environmental Protection, Library Assistance, News Board Management

Core Values / Life Skills :

Life skills are essential abilities that help students handle day-to-day challenges effectively. Through effective communication, students develop confidence, responsibility and strong values that prepare them for life beyond the classroom.

CULTURAL CELEBRATION

At Aditya International School, we believe that education goes beyond academics. Our Cultural Programme provides a vibrant platform for students to explore, express and celebrate their creativity, traditions and talents. Through a variety of events such as Annual Day, Festivals, Talent Shows, Art Exhibitions and Theme-Based Celebrations, students learn the values of teamwork, confidence and respect for diverse cultures. These programmes nurture their aesthetic sense and help them develop a balanced personality.

By actively participating in dance, drama, music and art, students not only showcase their talents but also build leadership and communication skills that prepare them for a global stage. At Aditya International School, every celebration becomes a joyful learning experience a reflection of our belief in holistic development and cultural harmony.

ANNUAL DAY CELEBRATION

The school ensures that there is a hundred percent participation from the students as each child is special and important to us. We believe that every child must be given an opportunity to develop and showcase their talents to harness their skills and attributes through such public performances.

SCIENCE, ART & ROBOTICS EXHIBITION

The Science, Art & Robotics Exhibition at Aditya International School showcases the creativity, innovation and scientific curiosity of our students. From artistic expressions to inventive experiments and smart robotic models, the event highlights hands-on learning and future-ready skills. It's a vibrant celebration of imagination and innovation !

FACILITIES AT AIS

At Aditya International School, we provide a stimulating learning environment supported by advanced infrastructure and modern facilities. Our aim is to blend academics with innovation and practical exposure, ensuring holistic development for every child.

Smart Classrooms

AIS believes in integrated pedagogy supported by digital tools. Our aesthetically designed smart classrooms make learning interactive, engaging and technology-driven.

Library

Our well-stocked library offers a serene space for reading and research. The environment inspires curiosity, promotes independent learning and enhances communication skills.

Science Labs

Our fully-equipped science labs bring concepts to life. Students engage in hands-on experiments that encourage exploration, critical thinking and scientific temper.

Mathematics Lab

The Mathematics Lab provides experiential learning through practical activities and mathematical models, helping students understand abstract concepts with ease.

Communication Skills Lab

Our Communication Skills Lab focuses on building students' confidence, fluency and public speaking abilities. Through interactive sessions, debates and audio-visual tools, we strengthen their listening, speaking and presentation skills—vital for success in all spheres of life.

Safety, Security & School ERP

At AIS, safety is our top priority. The entire campus is under CCTV surveillance and managed by trained security personnel. Our digital School ERP System ensures seamless communication between school and parents, promoting transparency and efficiency.

Computer Lab

Information technology is integral to modern education. Our computer lab introduces students to coding, design and research, enhancing their digital literacy from an early stage.

Robotics Lab

Integrating robotics into our curriculum empowers students to innovate and think creatively. The lab nurtures problem-solving skills and prepares learners for a tech-driven future.

AWARDS & RECOGNITION

At Aditya International School, Dudulgaon, excellence is our tradition. Our students, teachers and the institution as a whole have earned recognition for outstanding performance and commitment to holistic education.

CBSE Affiliation :
The school is officially affiliated with the Central Board of Secondary Education in 2024

Received the "**Star Education Award 2024**" in the category of Best School in Pune for excellence in academics, innovation and overall development.

Olympiad Distinctions :
Students have earned certificates of excellence in Science, Mathematics and English Olympiads at the national level.

Sports Achievements :
Proud winners in Kabbadi, Marathon, Athletics, Taekwondo & Chess at inter-school, Z. P District, Zonal and State championships.

Cultural & Art Recognition :
Students have secured awards in Dance, Music and Art competitions across the Pune region.

Innovation & Robotics :
Recognition in Inter-School Robotics and Science Exhibitions for creativity and problem-solving.

Environmental Initiatives :
Honoured locally for our 'Green Campus' drive and eco-friendly practices.

Community Engagement :
Active participation in social outreach and awareness campaigns, nurturing empathy & responsibility among students.

HONOURING THE EXCELLENCE OF OUR STUDENTS

ACADEMIC ACHIEVEMENT SCHOLARSHIP :

At Aditya International School, we believe in recognizing and rewarding academic excellence. Our School Fees Discount Policy aims to encourage students to excel in their studies by offering financial benefits to high-achieving students. This initiative is designed to support and motivate students to maintain outstanding academic performance while easing the financial burden on parents. This policy ensures transparency, fairness and encouragement for students who consistently perform well academically.

Both the State Government of Maharashtra and the Government of India conduct various competitions to promote cultural and co-curricular activities among school children. Here are some notable ones which include:

Competitions Conducted by the State Government of Maharashtra :

- Maharashtra State Level Kala Mahotsav
- Maharashtra Bal Natya Spardha
- Maharashtra Shaley Band Spardha
- Maharashtra Rajya Shala Ganpati Decoration Competition
- Maharashtra Bal Kavi Sammelan
- District and State Level Science Exhibition (MahaSci-Fair)
- Maharashtra State Level Folk Dance & Folk Music Competitions
- Drawing and Painting Competitions (State Art Competition)
- Competitions Conducted by the Government of India :
- Kala Utsav (by Ministry of Education, Govt. of India)
- National Children's Science Congress (NCSC)
- INSPIRE Awards – MANAK (Innovation in Science Pursuit for Inspired Research)
- National School Band Competition (by CBSE & Ministry of Defence)
- National Bal Bhavan Competitions
- Ek Bharat Shreshtha Bharat Cultural Exchange Programs
- National Painting Competition on Energy Conservation (by Bureau of Energy Efficiency)
- Fit India School Week Competitions
- Veer Gatha Project (by Ministry of Defence)
- National Storytelling Competition (by NCERT & CBSE)
- State or National level competitions organized by CBSE.
- Expressions series competitions organize by CBSE.

Waiver Benefits :

National Level Recognized Prizes : 40% tuition fee waiver for students achieving Gold or Silver medals.

State Level Recognized Prizes : 20% tuition fee waiver for students achieving Gold, Silver, or Bronze medals.

Applicability :

- The waiver is applicable for the current academic session.
- The waiver is applicable only on tuition fees. The waiver is offered to students from Classes I to X.
- The waiver is reviewed annually and is not automatically renewed. The benefits stand null and void if not applied for in the same academic session.

ASSESSMENT SYSTEM

At Aditya International School (AIS), assessment is viewed as an essential component of the teaching–learning process, not merely a tool for evaluation. In alignment with the latest CBSE guidelines, our assessment framework emphasizes both scholastic and co-scholastic development to ensure the holistic growth of every learner.

Assessment Pattern :

The academic session at AIS is divided into two terms, following the comprehensive CBSE evaluation model that assesses knowledge, understanding, application and skills.

1. Total : 100 Marks per Subject

- Annual/Board Examination (SA) – 80 Marks
- Covers the entire syllabus as prescribed by CBSE.
- The question paper will assess knowledge, understanding, application and higher-order thinking skills (HOTS).
- Students must obtain a minimum of 33% marks in each subject to qualify.

2. Internal Assessment – 20 Marks

Internal Assessment comprises multiple components designed to evaluate the student’s overall performance throughout the academic year :

● Periodic Tests (PA) – 10 Marks

Based on class tests/unit tests conducted periodically to assess regular academic progress.

● Multiple Assessment (MA) – 5 Marks

Evaluation based on regularity, punctuality, class participation, notebook maintenance, discipline, behaviour and overall presentation.

● Subject Enrichment Activities (SEA) – 5 Marks

Includes practical work, projects, oral tests and other skill-based tasks relevant to the subject to promote experiential learning.

To ensure continuous readiness, pre-board examinations, practical assessments and mock tests are conducted periodically as per the CBSE examination pattern.

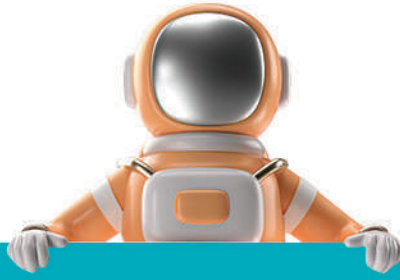

3. Holistic Evaluation :

In keeping with the CBSE’s emphasis on holistic development, students are also assessed on co-scholastic areas, including :

- Art and Aesthetic Education
- Physical Education and Yoga
- Work Education, Discipline and Values

This integrated approach nurtures intellectual, physical, emotional and ethical growth, preparing every AIS learner to be confident, competent and compassionate.

ADMISSION PROCESS

At Aditya International School (AIS), the admission process is transparent, merit-based and conducted in accordance with the CBSE guidelines and Right to Education (RTE) Act, 2009. The school ensures that every child is given fair and equal opportunity to receive quality education in a safe and inclusive environment.

General Guidelines :

- Admission to Entry-Level Classes (Pre-Primary and Grade I) are subject to seat availability and the child's performance in the Interaction.
- Admissions to higher grades (Grades II to X) are subject to seat availability and the child's performance in the Admission Test or Interaction, as applicable.
- The admission process commences in January for the next academic session and continues until all seats are filled.
- No admission shall be granted through recommendations, influence, or donation. Any such attempt will lead to immediate disqualification.
- The School Management reserves the right to accept or reject any admission application without assigning reasons.
- The Principal is the final authority in all matters related to admission.
- The school admits both boys and girls irrespective of caste, creed, religion, or social background, provided they meet the age and eligibility criteria as per CBSE and Government norms.

Documents Required :

The following documents must be submitted along with the admission form :

1. Two recent passport-sized photographs of the child.
2. Two passport-sized photographs of parents/

guardians.

3. Original Birth Certificate and one photocopy (for Grade – I).
4. Original Transfer Certificate (TC) from the previous school (for Grade II and above).
5. Report Card of the last attended school (for Grade II and above).
6. Medical Fitness Certificate issued by a registered medical practitioner.
7. Copy of Child's Aadhaar Card.
8. Copies of Parent's Aadhaar Cards.
9. Consent form for Appar ID Generation.

Age Criteria (As per CBSE and RTE Norms) :

- For Nursery Admission, the child should complete 3 years of age as on 31st December of the academic year.
- For Grade I Admission, the child must complete 6 years of age as on 31st December of the academic year.
- Subsequent grades follow a one-year incremental age progression as per CBSE's age eligibility framework.

Fairness and Transparency :

AIS upholds transparency and equity in every aspect of admission. The entire process is monitored to ensure that no form of discrimination, bias, or unfair practice occurs. Every child is valued, respected and welcomed as a unique learner into the Aditya International School family.

SCHOOL RULES AND REGULATIONS

The Code Of Student Conduct : The Students Should-

- Be proactive in promoting and working towards making school a positive, supportive, safe and welcoming place for all students and teachers.
- Be respectful and courteous to fellow-students' parents, guardians and teaching and non-teaching staff.
- Be knowledgeable about discipline policies, regulations and rules.
- Follow school rules and contribute to a positive school climate by behaving appropriately, even when, not specifically asked to do so.
- Make every reasonable effort to participate actively in the activities of the school.
- Recognize how their conduct affects other students and school as a whole and make every effort to restore relationship affected by their conduct.
- Share ideas and strategies for improving school climate and school discipline practices.

General Rules And Regulations :

- Students should treat school staff with respect at all times and be courteous to fellow students.
- Students are refrained from damaging any form of school property. The school reserves the right to be compensated by the student for any such damages.
- Students are refrained from littering and keep the school premises clean.
- Unacceptable behaviour including but not limited to irregular attendance, academic dishonesty and negligence of homework, disruptive behaviour, loitering and disrespectful behaviour towards staff or fellow students will result in serious disciplinary action.
- Any form of bullying or ragging will result in a disciplinary committee review and could result in expulsion with a negative conduct certificate.
- Any misbehaviour or violation of school discipline will be dealt by the disciplinary committee and corrective action will be taken. In extreme cases parents will be called in to discuss the child's behaviour and may lead to suspension or expulsion from the school.
- The medium of instruction is English and students are expected to communicate in English at all times.
- It is compulsory to bring the school issued ID card to school every day. Not bringing the ID card could result in the child not being allowed into the school premises.
- For safety and security, parents should refrain from sending money with their child without specific written notice from the school.
- For safety and security, parents should refrain from sending valuables (like expensive jewellerys, electronic items, etc.) to school.
